

ThreeSixtyCam™

360 Degree Night Vision Camera Platform

Bullet Specifications

ThreeSixtyCam – 360 Degrees of Vision

The ThreeSixtyCam™ (<http://www.threesixtycam.com>) is a 360 Degree Night Vision Camera Platform (NVCP718-INTB8). The ThreeSixtyCam is designed to be deployed on all sizes of vehicles or vessels. Quick and convenient all-around view for the captain, driver or navigator, especially in the hard to see blind spots. Equipped with four (4) ultra low-lux 0.00002 lux (Intensifier3® @ 512x) bullet night vision cameras and 4-channel splitter or integrated split screen DVR to record video around the entire vessel.

Bullet Camera Specifications

- Four rugged analog bullet cameras mounted at corners
- 2.8-12mm auto iris varifocal lens
- 1/3" Sony Super HAD II™ CCD
- 650 lines of color resolution
- Minimum illumination 0.00002 lux (Intensifier3® @ 512x)
- Full OSD operation
- Anti-moisture glass and circuitry eliminates fog or condensation
- External controls for zoom & focus
- S/N Ratio more than 52dB (weight on)
- Easy mounting system simplifies installation
- Relay outputs for motion detection
- Weather resistant operation
- IP66 compliant
- 12VDC / 24VAC dual voltage operation

Additional Considerations

- Split screen monitor, rugged splitter or split screen mobile DVR
- Siamese analog video cable lengths for video and power
- Conditioned power source
